Now Servicing  
All HVACR  
Equipment!

## Steam Sales Service Corporation

*"To provide our customers with quality service in a timely fashion while maintaining constant communication and friendly service."*

We are now a full service commercial and industrial HVACR Mechanical provider.

We now Service and Install all Makes and Models of:

- Hydronic Heating Systems
- Steam Boilers
- Thermal Fluid Heaters/Boilers
- Hydronic/Steam Piping
- Gas and Process Piping
- Air Handlers
- Exhaust
- Make-Up Air
- Variable Air Volume (VAV)
- Heat Pump Systems
- Energy Management Systems
- Mechanical Equipment Control Systems
- Hot Water Boilers
- Heat Exchangers
- Refractory Work
- Split System Air Conditioning
- Computer Room Air Conditioning
- Outside Air Systems
- Gas Fired or Electric Duct Heaters.

All of our Service Pipefitters are UA- S.T.A.R. HVAC Certified.

This is the highest certification a pipefitter can achieve. These pipefitters' work more efficiently, work safer and work smarter. Your job gets completed on time and you save money because the work is done efficiently. You will have the peace of mind knowing it's done right!

## ARE YOU LOOKING TO "GO GREEN?"

*SSSC now offers service on all types of D.D.C. and E.M.S. systems. We can engineer new installations or provide retrofit capability to existing jobs. We will make your mechanical systems more energy efficient.*
